Our \$5.1 billion budget – and you

This guide is designed to introduce you to the Miami-Dade County Public Schools (M-DCPS) budget and how we are funded. As the nation's fourth-largest school district, M-DCPS educates more than 350,000 students in over 450 schools and has a total 2016-17 budget of \$5.1 billion all funds. Our budget is similar in size to the state of Delaware as well as some of the largest companies in the United States – we would rank among the Fortune 500 as a for-profit corporation!

M-DCPS Budget vs. Budget of Major Corporations

Basic M-DCPS Facts

of students: 355,269
 % Free & Reduced Lunch: 71.9%
 Ethnic Breakout:
 Hispanic – 69.1%
 Black (non-Hispanic) – 21.8%
 White (non-Hispanic) – 7.3%
 Other – 1.8%
 # of schools: 465

* All data most recent available

Who funds our Operating Budget?

You do. The General Fund mostly consists of money that comes from the Florida Education Finance Program (FEFP). FEFP has two sources of revenue, local and state. Local is made up of property taxes and State is mostly sales taxes and various trust funds. The remainder of General Fund revenue is Federal dollars (such as Medicaid reimbursements), other miscellaneous state and local revenue, transfers from other funds, and the prior year fund balance.

2016-17 Operating Revenue

Local	\$ 1,601.3
State	1,186.3
Federal	15.8
Transfers	180.7
Fund Balance	175.3
Grand Total	\$ 3,159.4

Over time the Florida Legislature has shifted the burden of funding M-DCPS' FEFP revenue from State to Local sources.

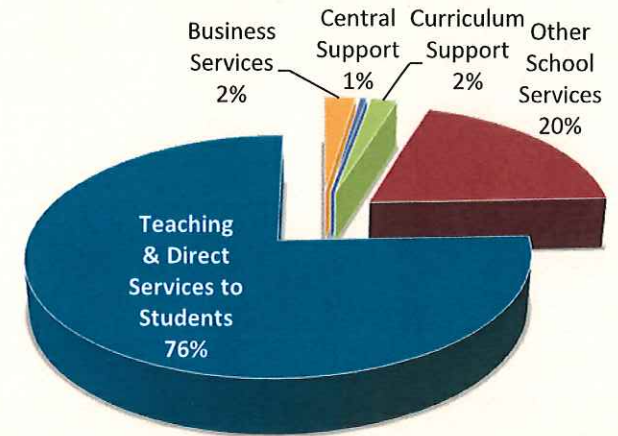

Two Decades of State vs. Local FEFP Split

Where does the money go?

Nearly the entirety of our Operating Budget – 95% – goes to direct services to students and school level expenses. Less than 3% goes to non-learning business functions.

Appropriations by Function

Additionally, the vast majority of the budget goes towards salaries and benefits or charter school payments – which they also use on salaries.

Appropriations by Object
